Short-term spiritual care sessions by pastoral referral

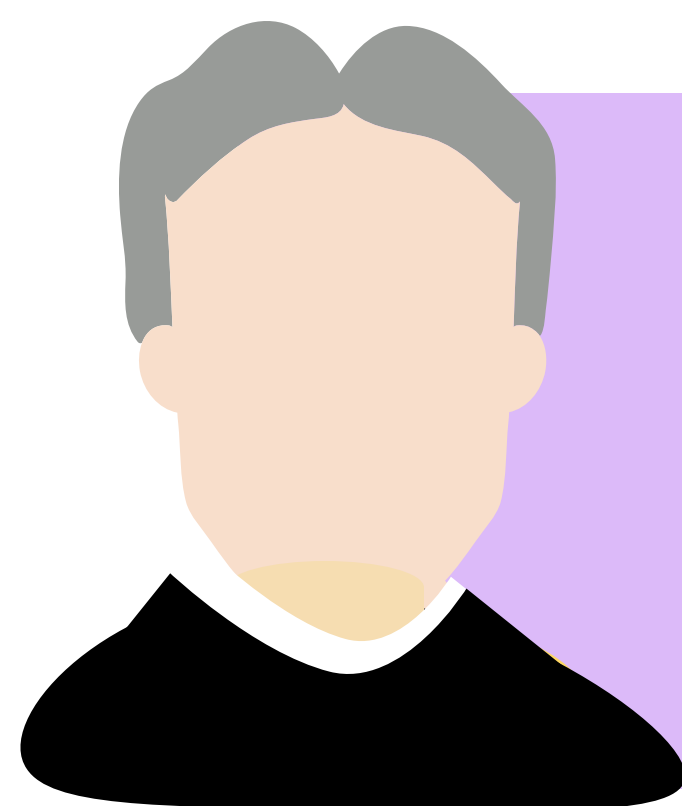

Scenario: Like many individuals who have contacted Word of Hope, Jack & Jill were overwhelmed by a combination of life issues.

Jack & Jill learned about their daughter, Jane's pregnancy when she tried to end her life after a recent breakup.

Her daughter's surprise pregnancy uprooted memories about the abortion Jill had as a teenager. Overridden with guilt, Jane became distant from family & friends.

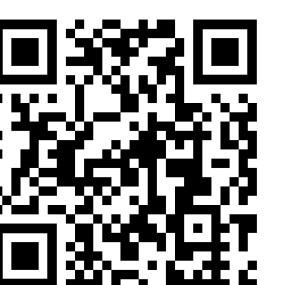

Jack & Jill reached out to their Lutheran Pastor for help. He gave them the contact information for Word of Hope.

Brokenhearted by the mistaken belief that he failed as a husband & father, Jack began drinking to numb feelings of anger & despair.

Through **Word of Hope**, Jack, Jill, & Jane each received Scriptural guidance, educational materials, & referrals to other local resources. They engaged in several confidential telephone & video sessions with theologically trained professionals at **Word of Hope**. When most of the issues resolved, the family was referred to their pastor for follow up. They agreed to meet with him for ongoing support as needed.
